Notice document to ALERT Judge Levy... [of] YET another EPA failure as to the FWC.... which is to say --- UNLESS and UNTIL the US EPA can provide the EXACT composition of my water service supply line (e.g. with the accuracy of the XRF metal analyzer).... then what is old is new [e.g. the US EPA has NOT learned to "inspect what it expects as to such for example")..... Mel's response to

the US EPA's offer for information as to the EXACT composition of my WATER SERVICE LINE.... on November 22nd, 2022.

Here --- [considering ALL most recent information available to me].... it is NOT the Plaintiffs' attorneys as to the FWC settlement who have NOT used the XFR metal analyzer properly, but the MI EGLE, City of Flint and US EPA. And --- here is the "rub"... both the City of Flint and MI EGLE/ State of Michigan have ALREADY settled as to the FWC !!! **Respectfully Submitted,**

**Re: Receipt of Correspondence Alleging
Discrimination**

Dear Mr. Jones:

This letter is to notify you that the U.S. Environmental Protection Agency (EPA), Office of External Civil Rights Compliance (OECRC),¹ received correspondence from you on November 5, 2022, alleging that the City of Flint discriminated against you in violation of Title VI of the Civil Rights Act of 1964, 42 U.S.C. §§ 2000(d) *et seq.* (Title VI), Section 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. § 794 (Section 504), the Federal

¹ On September 24, 2022, EPA announced the establishment of the Office of Environmental Justice and External Civil Rights (OEJECR) into which ECRCO was reorganized and renamed the Office of External Civil Rights Compliance (OECRC). OECRC continues to enforce and ensure compliance with federal civil rights laws which prohibit discrimination by applicants for and recipients of federal financial assistance from EPA.

Water Pollution Control Act Amendments of 1972, 33 U.S.C. § 1251 *et seq.*, the Age Discrimination Act of 1975, 42 U.S.C. §§ 6101 *et seq.*, Title IX of the Education Amendments of 1972, as amended, 20 U.S.C. §§ 1681 *et seq.*, and EPA’s nondiscrimination regulation at 40 C.F.R. Parts 5 and 7, on the basis of race, disability, age, and sex.

Specifically, your correspondence alleges that the City of Flint discriminated against you by failing to allow you “proper access to its ‘educational’ updates and/or educational facts as to the exact metal composition” of the water supply line to your home and by failing to keep accurate records of the water service line metal composition for homes in Flint. On November 7, 2022, OECRC contacted you via email seeking additional clarification regarding these claims you raised. In response, you mentioned that the City of Flint’s continuation of its ongoing program to replace water service lines in Flint discriminated against you on the basis of your race, disability, age, and sex.

Pursuant to EPA’s nondiscrimination regulation, OECRC conducts a preliminary review of administrative complaints to determine acceptance, rejection, or referral to the appropriate Federal agency. See 40 C.F.R. § 7.120(d)(1). To be accepted for investigation, a complaint must meet the jurisdictional requirements

described in the EPA's nondiscrimination regulation. First, the complaint must be in writing. See 40 C.F.R. § 7.120(b)(1). Second, it must describe an alleged discriminatory act that, if true, may violate the EPA's nondiscrimination regulation (i.e., an alleged discriminatory act based on race, color, national origin, sex, age, or disability). Id. Third, it must be filed within 180 days of the alleged discriminatory act. See 40 C.F.R. § 7.120(b)(2). Finally, the complaint must be filed against an applicant for, or recipient of, EPA financial assistance that allegedly committed the discriminatory act. See 40 C.F.R. § 7.15.

With respect to your allegations raised to OECRC on November 5, 2022, and after careful consideration, OECRC has determined that it will not investigate the alleged claims. The information provided to OECRC staff regarding this matter lack sufficient detail for OECRC to infer that discrimination may have occurred or is occurring.²

As you know, OECRC accepted your complaint against EGLE for investigation on March 11, 2022, to determine whether EGLE discriminated against you on the basis of

race and disability with respect to the approval of Permit to Install (PTI) No. APP-2021-0019 for the Ajax Asphalt Plant. That complaint is pending in the Informal Resolution Agreement process as of the date of this letter. OECRC will continue to engage with you during the informal resolution process to continue to gather necessary facts and information to resolve the complaint.

OECRC and EPA Region 5 are willing to assist you in receiving information on how to have the water service line in your home tested and/or replaced. Mr. Jones,

Please find attached a letter responding to your communication to OECRC on November 5, 2022. As stated in the letter, after careful consideration, OECRC has determined it will not investigate the alleged claims, as the information provided to OECRC staff regarding this

matter lack sufficient detail for OECRC to infer that discrimination may have occurred or is occurring.

However, as detailed in the letter, OECRC and EPA Region 5 are willing to assist you in receiving information on how to have the water service line in your home tested and/or replaced. If you are interested in receiving this information, please let us know and we would be happy to do so.

Furthermore, to provide you with an update on EPA Complaint No. 03DRr-22-R5, OECRC remains in informal resolution agreement negotiations with MI EGLE, and that complaint is pending in the IRA process as of today. OECRC will continue to engage with you during the informal resolution process to continue to gather necessary facts and information to resolve the complaint.

Hello,

Thank you for your email. In response to your question:

Q: Could you please describe in further detail the specific act that occurred on this date (November 4, 2022) by the named entity in your submission ?

ANSWER: This is where the "PUBLIC EDUCATION" mandate of the City of Flint was discriminatorily put against [ME] as a disabled, aged, male - Adult resident of the City of Flint. And that is to say --- On or about October 28th, 2022... when the City of Flint requested an extension as to the \$100 million dollars of federal financial assistance from the EPA, that was the "**precipitating event**" which GAVE RISE to the failure on November 4th, 2022 (e.g. which CAN actually be viewed as having an "event date" of October 28th, 2022). And, so WHY is that so ? Well, here... the answer is VERY simple but complex (e.g. so [IF] my instant response is NOT clear... PLEASE allow me to further clarify) ---- Here, on October 28th, 2022 is WHEN 100% of the FAILURES and resulting discrimination put against [ME] by the City of Flint.... literally became the 100% responsibility of the Mayor Sheldon Neeley Administration {and} 100% of the CURRENT - Flint City Council. Which is to say... the ASK/ request of the EPA on 10-28-2022 regarding the \$100 million dollars of EPA funds (e.g. but NOT limited to just said EPA funds).... was IN FACT (e.g. I believe) an assertion to the US EPA from the CITY OF FLINT.... that [they]/ the City of Flint had done so {(e.g. NOT carried out ANY discrimination in effort to OBTAIN said EPA agreement)}... **BUT, in REALITY** ---- [I] believe that... the CITY OF FLINT on November 4th, 2022 ---- KNEW that they/ the CITY OF FLINT had NOT properly adhered to the EPA Title VI mandate {e.g. as to [ME], but NOT limited just to me in the City of Flint....} that: "No person in the United States shall, on the ground of race, color, or

national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance."

...and, thereby [my] EPA Title VI discrimination complaint (I believe) is properly and timely filed so as to NOT deprive the US EPA of jurisdiction.

Please let me know as soon as possible [IF] my response makes sense to you/ Mr. Pantziris @ the US EPA Title VI department.

Sincerely,

Mr. Jones,

Thank you for your email. We had a clarifying question for you based on the information you shared with our office. In your submission, you mention that the City of Flint failed to allow you proper access to information regarding the metal composition in your water service line "on November 4th".

Could you please describe in further detail the specific act that occurred on this date (November 4, 2022) by the named entity in your submission. Any specific

information about the act that occurred on this date would be helpful. Please let me know if you have any questions about this inquiry or would like to discuss further. Thanks!

FYI to ALL PARTIES [and] Special Master Deborah Greenspan --- notice of [MY] intent to FILE a notice document to ALERT Judge Levy... [of] YET another EPA failure as to the FWC.... which is to say --- UNLESS and UNTIL the US EPA can provide the EXACT composition of my water service supply line (e.g. with the accuracy of the XRF metal analyzer).... then what is old is new [e.g. the US EPA has NOT learned to "inspect what it expects as to such for example" Mel's response to the US EPA's offer for information as to the EXACT composition of my WATER SERVICE LINE.... on November 22nd, 2022.

Here --- [considering ALL most recent information available to me].... it is NOT the Plaintiffs' attorneys as to the FWC settlement who have NOT used the XFR metal

analyzer properly, but the MI EGLE, City of Flint and US EPA.

And --- here is the "rub"... both the City of Flint and MI EGLE/ State of Michigan have ALREADY settled as to the FWC !!!

Sincerely,
